THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

Practically complete returns from the election show that the Republicans have elected all the major State officers. Both Democrats and Republicans are still claiming a majority in the Legislature.

Hopkinsville, Ky., Nov. 11.—The official canvass of Christian county election returns was completed this afternoon, and on Monday for the first time in fifteen years, certificates of election will be awarded to Democrats.

William R. Hearst is said to have spent \$400,000 in his campaign for Mayor of New York, and it is believed that Tammany spent almost a round million.

In a fight over the branding of a pet horse, Orville H. Hays, eight years old, was killed by his brother, Clarence, eleven years of age.

Edward G. Conliffe, ex-prison guard, was sentenced to six years in prison at Pittsburgh.

Bishop Steven Mason Merrill, 52, senior Bishop of the Methodist church, is dead at Newport. N. J. Word reached Cincinnati Monday of his death in a telegram to the Christian Advocate, of which he was formerly editor.

Tammany insists that a former decision of Judge Alfred H. Parker, prohibiting the opening of ballot boxes, is still the law and this prevents William R. Hearst's attempt for a recount.

Washington, D. C., Nov. 12.—In the Supreme Court today argument in the James B. Howard case was concluded. Attorney General Hays made the argument for the State and W. M. Smith, of Louisville, for the defendant. Mr. Smith's argument on the alleged irregularity of examination of Juror Alexander Hays said that Alexander was examined when the defendant and his counsel were not present, and that such action was a violation of the constitutional and fundamental rights.

The court did not intimate when it will decide the case.

James Speyer of New York has been elected to the trustees of Columbia University \$2000 in endowment. The trustees of the University of the South and the University of the North have elected him to the same position.

Charles Harris Harry Green, Arthur Prange entered upon a new career in a new field. A few days ago, he was given a hearing in Asheville Saturday morning and found out without fail to the next term of court charged with murder in the second degree.

Madison, N. C., Nov. 11.—Dr. David H. Hays, a graduate of the Louisville Medical College, was a witness at the recent trial of a man charged with the murder of a woman in Madison county, N. C. The trial was held in the Madison county court house and the jury returned a verdict of guilty.

Lexington, Ky., November 12.—Harris managed and closely guarded by six officers, under Sheriff George Jarvis, of Carter county, the men alleged to have robbed the bank at Willard, Carter county, last week, were brought to this city this night and lodged in jail, where they will be kept confined until called for trial in Grayson the latter part of this month.

The prisoners were Stephen and Charles Stamps, of Cincinnati; Thomas Brown, of Athens, Tenn.; John Allard, of Knoxville, Tenn.; and John Hall, of Covington, Ky., all of whom were arrested shortly after the robbery of Sheriff Jarvis and Postmaster Inspector Speers. While the men were confined in the Grayson jail, the City Marshal of Hazardtown, Ind., visited the jail and recognized Brown and J. J. Haskins, the man who was killed by the Willard trial, as being two of the men who were in Hazardtown the night on which the bank there was robbed.

All of the men under arrest appear to be between 25 and 30 years of age, with the exception of Brown, who looks to be about 35 years old, and it is the opinion of Sheriff Jarvis that they are only tools of an organized gang which operates out of Cincinnati.

The prisoners were brought to this city on account of the unsafe condition of the Grayson jail, which is a poorly constructed affair and it was necessary to keep a guard of six men on duty day and night to prevent an escape.

The Kentucky Railroad Commission has completed the hearing of representatives of the several railroad corporations operating in the State in the matter of value of tangible property for the purpose of taxation for the year. The valuation of millions and of other property of such company was carefully considered by the commissioners, and very shortly be completed with the aid of Chairman McComb and the board.

State of Athens will be numbered among the things that were.

Unusually, Nov. 9.—With a roar, followed by a crash, the adventure of a horse power spright boiler on the coal dumper of the Queen City (coal boat) at the foot of Mill street exploded today, carrying with it death and agony. Richard Mullin, fireman, was instantly killed and Jerry Moore and Charles Webber, engineer and laborer were fearfully scalded and may not recover. The huge cylinder landed 150 feet away from the coal boat.

A change of a half million votes in Pennsylvania and a quarter of a million votes in Ohio goes to show that the people will do when they are of a mind and what little credence can be placed in election foretellers of previous years.

The Republicans of Ohio, led by Senators Foraker and Rock, and Secretary Tatt for the Republican caucus in their State, and those who are not afraid to talk are loud in their condemnation not only of the Secretary of War, but the President also. The result of all this will be a lively mix-up in the next two years.

Oak Grove, Ky., Nov. 11.—A mob of a mob that wanted to burn a negro held up a train carrying the United States mail. The mob was taken to a house and the government in taking a hand will at once clear the area of some of the best known men in Kentucky.

The Proceedings of Louisville, Ky., Nov. 11.—The election of Walter Hays to the position of Mayor of Louisville, Ky., was held in the city hall. The election was held in the city hall and the result was a landslide for the Democrats. The election was held in the city hall and the result was a landslide for the Democrats.

FIRST ASSAY

Of Largest Gold and Silver Mine Made by Former Louisian.

Got \$30,000 For His Interest.

Many of our readers will probably remember that about five years ago we published a brief article to regard the mine of Prof. W. C. Gayhart, who a few years previous had been a very popular principal of the Louisiana Graded School. In looking over the Louisiana Weekly, published at New Orleans, we noticed the following article from the pen of L. L. Hays. A number of photographs of the mine are reproduced in the same issue.

A private letter from Mr. Gayhart at the time of his visit to the mine, which was published in the Louisiana Weekly, was reproduced in the Louisiana Weekly. The article was published in the Louisiana Weekly and was reproduced in the Louisiana Weekly.

The article appeared under the heading of "Magical Growth of a Nevada Mine." and is as follows: In May, 1899, the site was occupied by the thriving city of Tonopah, a town of 10,000 people. During the summer of 1899, a man named James L. Hays, a rancher from Belmont, Nev., while traveling across the country from his home to a new mining camp called Klondike Mountain, passed through the town of Tonopah.

He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop.

He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop.

He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop.

He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop. He was looking for a place to stop and was looking for a place to stop.

Where Have They Gone?

What has become of the old-fashioned man who carried a shot bag in his pocket to keep change hot? Who wore a long linen duster when traveling? Who carried an old flat cap? Who wore a watch with watch key fastened to it?

What has become of the old-fashioned woman who kept a book in her work-basket? Who took a book for tea when she had company? Who made impressions around the edge of a pie with a key to make them look fancy?

What has become of the old-fashioned people who poured tea in the summer and blew on it to make it cool? Who drank sassafras tea in the spring to purify their blood? Who had to learn to like (smell) soap?

"PE-RU-NA NECESSARY TO THE HOME."

(Says Prof. Talford Smith, of Georgia.)

Prof. Talford Smith, Principal of the S. M. High School, S. M., Ga., writes: "With much pleasure I recommend Peruna to all who may be suffering with any trouble of the respiratory organs. I have been using it in my family for the past five or six years and find it to be almost a household necessity. Peruna is truly a grand catarrh remedy and general tonic and will do all that is claimed for it by the manufacturers."

A Sudden Twinge

Of pain is generally the first warning of a serious condition. It is the body's way of telling you that something is wrong. In the case of a sudden twinge, it is often the first sign of a heart attack or a stroke. It is important to pay attention to these signals and seek medical attention immediately.

WILTON

The greatest thing in the late election at Wilton was the fact that the majority of the voters were men. This was a significant change from previous elections where women had a larger share of the vote. The men's vote was decisive in electing the new representatives.

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is easily digested before it enters the stomach; a double advantage in the work for the stomach and the blood.
